# "MISSIONS FIRST"

## PART IV: REVIVAL

---

- 1. Read Psalm 32:1-4.** King David says he kept silent and did not confess his sin. How did this secret sin affect his physical life? His spiritual life? Of course God already knows about the sin, so why is it so important to confess the sin?
- 2. Read Psalm 32:5-7.** At last David does confess his sin. How did this confession change his physical and spiritual condition? Why is forgiveness from God so freeing? David urges everyone to follow his example. Do you have sin that you need to confess?
- 3. Read Psalm 32:8-11.** Some people refuse to submit control of their lives to God. How are such people like mules? Others trust God and yield their lives to Him. According to verse 10, what blessing do they receive?
- 4. Read Ephesians 3:14-19.** When we are set free from our sin and even from our personal striving, at last God can fill us with His power and do his work through us. Does Christ dwell in your heart? Have you been filled with His fullness?
- 5. Read Ephesians 3:20-21.** How does this verse reflect revival in a person's life? In a church's life? In a nation or generation? Do you long for such unimaginable revival in your life and church and generation? Will you pray for this, now?
