
"THE TEACHER SAYS..."

ECCLESIASTES CHAPTER TWO

- 1. Read Ecclesiastes 2:1-11.** What kinds of pleasures did Solomon test himself with? What did he discover about a life devoted to pleasure? Do Solomon's list of pleasures sound like the pursuits of people today? What should people today learn from Solomon?
- 2. Read Ecclesiastes 2:12-16.** Next, Solomon turns his attention to the wisdom and folly of this world. Is what way is wisdom better than folly? And yet, in what way do the man of earthly wisdom and the man of folly meet the same fate in the end?
- 3. Read Ecclesiastes 2:17-23.** Toil is also meaningless because the fruit of the labor will be left to those who may well destroy their inheritance. Who inherited Solomon's kingdom? How did the kingdom fare under that son's management? Do earthly possessions endure?
- 4. Read Ecclesiastes 2:24-26.** Human achievement, apart from God, leads to despair (see verse 20). But even little things, with the blessing of God, are a source of joy and satisfaction. Have you learned this? How? Are you able to give an example of finding godly satisfaction in eating, working, or basic living?
